**CALIAN GROUP LTD.
MANAGEMENT PROXY CIRCULAR
December 14, 2021**

SOLICITATION OF PROXIES

This Management Proxy Circular (this “Circular”) is furnished in connection with the solicitation by the management of CALIAN GROUP LTD. (the “Corporation”) of proxies to be used at the annual meeting of shareholders of the Corporation to be held on Friday, February 11, 2022 at 10:00 a.m. (Eastern Time), at the TMX Market Centre at 120 Adelaide St. W., Ground Floor, Toronto, Ontario M5H 1P9, for the purposes set forth in the enclosed notice of meeting or any adjournment thereof (the “Meeting”). It is expected that the solicitation will be primarily by mail, but officers, employees or agents of the Corporation may also solicit proxies personally, at nominal cost and without additional compensation. The cost of solicitation by management will be borne by the Corporation. Except as otherwise stated, the information contained in this Circular is given as of December 14, 2021. All dollar amounts in this Circular are in Canadian dollars unless otherwise indicated.

APPOINTMENT OF PROXYHOLDERS AND REVOCATION OF PROXIES

A vote at all meetings of shareholders of the Corporation may be given in person or by proxy, whether or not the proxy holder is a shareholder. The persons named in the Form of Proxy enclosed with this Circular are officers of the Corporation. **Each registered shareholder is entitled to appoint a person other than the individuals named in the Form of Proxy to represent such shareholder at the Meeting. A registered shareholder desiring to appoint some other person to represent that shareholder at the Meeting may do so either by inserting such person’s name in the blank space provided in the appropriate Form of Proxy or by completing another proper Form of Proxy.**

Completed Forms of Proxy must be delivered to the Corporation’s transfer agent, TSX Trust Company, at Proxy Department, P.O. Box 721, Agincourt, Ontario, M1S 0A1, in the addressed envelope enclosed or by fax to 1-866-781-3111, or by email to proxyvote@astfinancial.com or to the Secretary of the Corporation no later than 10:00 a.m. (Eastern Time) on Wednesday, February 9, 2022.

The officers named in the Form of Proxy will vote for, against or withhold from voting the common shares in the capital of the Corporation (the “Common Shares”) for which they are appointed proxy holders (including on any ballot that may be called for) in accordance with the instructions of the shareholder appointing them. If a shareholder appoints some person other than the officers named in the Form of Proxy to represent the shareholder, such person will vote the Common Shares in respect of which that person is appointed proxy holder in accordance with the direction of the shareholder who appointed that person. In the absence of such direction, that person may vote such shares at that person’s discretion. It is the responsibility of the shareholder appointing any other person to represent such shareholder to inform that person that that person has been so appointed. **In the absence of such instructions, such Common Shares will be voted FOR all matters scheduled to come before the meeting.**

The Form of Proxy confers discretionary authority with respect to amendments or variations to matters identified in the notice of meeting and other matters, which may properly come before the Meeting. At the date hereof, management of the Corporation is not aware of any other matters to come before the Meeting. Any amendment, variation or other matter, which is not known to management, which may properly come before the Meeting, will be voted upon by the proxies hereby solicited in accordance with the best judgment of the person or persons voting such proxies.

Pursuant to Section 148(4) of the *Canada Business Corporations Act* (the “CBCA”), a proxy given pursuant to this solicitation may be revoked (1) by instrument in writing, executed by the shareholder or by the shareholder’s attorney authorized in writing and deposited (a) at the registered office of the Corporation at 770 Palladium Drive, suite 400, Ottawa, Ontario, K2V 1C8 at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof, at which the proxy is to be used, or (b) prior to voting with the chair of the Meeting on the day of the Meeting, or any adjournment thereof or (3) in any other manner permitted by law.

Only registered holders of Common Shares, or the persons that they appoint as proxies, are permitted to attend and vote at the Meeting. In many cases, however, Common Shares are beneficially owned by a shareholder (a “Non-Registered Holder”) and are registered either: (i) in the name of an intermediary (an “Intermediary”) that the Non-Registered Holder deals with in respect of the Common Shares, such as, among others, banks, trust companies, securities dealers or brokers

and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans; or (ii) in the name of a clearing agency (such as The Canadian Depository for Securities Limited (“CDS”)) of which the Intermediary is a participant.

In accordance with the requirements of National Instrument 54-101 of the Canadian Securities Administrators, the Corporation has distributed copies of the meeting materials to Intermediaries and clearing agencies for onward distribution to Non-Registered Holders.

Intermediaries are required to forward the meeting materials to Non-Registered Holders unless a Non-Registered Holder has waived the right to receive them. Intermediaries often use service companies to forward the meeting materials to Non-Registered Holders. If you are a Non-Registered Holder, your name and address will appear on the voting instruction form sent to you by the Corporation’s transfer agent, TSX Trust Company, or by an Intermediary (bank, broker or trust company). A Non-Registered Holder may vote or appoint a proxy by mail, phone, fax or on the Internet, as applicable, in accordance with the voting instruction form. TSX Trust Company (Canada) or your Intermediary, as applicable, will submit the vote or proxy appointment to the Corporation on your behalf. You must submit your voting instruction form in accordance with the instructions and within the time limits set out in the voting instruction form.

IF YOU HOLD YOUR COMMON SHARES THROUGH A BROKERAGE ACCOUNT OR OTHER INTERMEDIARY YOU ARE A NON-REGISTERED HOLDER. NON-REGISTERED HOLDERS SHOULD CAREFULLY FOLLOW THE INSTRUCTIONS IN THE VOTING INSTRUCTION FORM, INCLUDING THOSE REGARDING WHEN AND WHERE THE VOTING INSTRUCTIONS FORM IS TO BE DELIVERED. IF YOU OR A PERSON YOU DESIGNATE PLAN TO ATTEND THE MEETING AND VOTE YOU MUST APPOINT YOURSELF OR THAT PERSON AS PROXY USING THE VOTING INSTRUCTION FORM.

A Non-Registered Holder may revoke a voting instruction form previously given to an Intermediary by providing written notice to your Intermediary following the instructions on the voting instruction form. To ensure that an Intermediary, as applicable, acts upon a revocation of a voting instruction form, the written notice should be received well in advance of the Meeting.

These security holder materials are being provided to both registered and non-registered owners of the securities. If you are a non-registered owner, and the Corporation or its agent has provided these materials directly to you, your name and address and information about your holdings of securities, have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf. By choosing to provide these materials to you directly, the Corporation (and not the intermediary holding on your behalf) has assumed responsibility for (i) providing these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions.

NOTICE AND ACCESS

The Corporation is sending proxy-related materials to all shareholders using Notice and Access. Notice and Access is a set of rules that reduces the volume of materials that must be physically mailed to shareholders by posting the information circular and additional materials online. Shareholders will still receive the Notice of Meeting and may choose to receive a hard copy of the Circular and other materials. Details are included in the Notice of Meeting. This Circular, the Notice of Meeting, a form of proxy, the annual information form, the audited annual financial statements of the Corporation for the year ended September 30, 2021 and the management’s discussion and analysis relating to such financial statements are available on SEDAR at www.sedar.com and at www.calian.com. VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

As at December 14, 2021, 11,313,274 Common Shares were issued and outstanding, the holders of which are entitled to one vote for each Common Share held. The board of directors of the Corporation (the “Board”) has fixed the close of business on December 14, 2021 as the record date for the purpose of determining shareholders entitled to receive notice of and to vote at the Meeting. The failure of any shareholder to receive notice of a meeting of the shareholders does not, however, deprive such shareholder of a vote at such meeting.

As of December 14, 2021, no shareholder is known to the directors or executive officers of the Corporation to be the beneficial owner of or exercise control or direction, directly or indirectly, over more than 10% of the Common Shares.

PRESENTATION OF FINANCIAL STATEMENTS AND OTHER FINANCIAL INFORMATION

The Corporation’s audited financial statements for the year ended September 30, 2021 (the “Financial Statements”) and the auditors’ report on the Financial Statements will be presented to shareholders at the Meeting. The Financial Statements are included in the Corporation’s 2021 Annual Report which accompanies this Circular. In accordance with the provisions of the CBCA, the Financial Statements are merely presented at the Meeting and will not be voted on.

The Corporation has filed an Annual Information Form (the “AIF”) for its 2021 fiscal year and its 2021 Annual Report on SEDAR at www.sedar.com that contain, among other things, all of the financial disclosure (including copies of the Financial Statements and management’s discussion and analysis of the Financial Statements) required under National Instrument 52-110 – *Audit Committees* of the Canadian Securities Administrators. In particular, the information that is required to be disclosed in Form 52-110F1 of National Instrument 52-110 may be found under the heading “Audit Committee” in the AIF. Upon request, the Corporation will promptly provide copies of the AIF to shareholders free of charge.

Seven directors were present at all Board meetings and all committee members were present at all committee meetings either by phone or in person during the 12-month period ended September 30, 2021 with the exception of two meetings where six members were present. During these two meetings, the company had only six directors in place as it was during a transition period from a director retiring, and a new director being voted in.

Majority Voting Policy

The Board has adopted a majority voting policy in director elections that will apply at any meeting of the Corporation's shareholders where an uncontested election of directors is held. Pursuant to this policy, if the number of proxy votes withheld for a director nominee is greater than the votes for such director, the director nominee will be required to submit his or her resignation to the Chair of the Board promptly following the applicable shareholders' meeting. Following receipt of resignation, the Governance Committee will consider whether to accept the offer of resignation and make a recommendation to the Board. Within 90 days following the applicable shareholders' meeting, the Board shall publicly disclose in a news release their decision whether to accept the applicable director's resignation or not, including the reasons for rejecting the resignation, if applicable. The Board shall accept the resignation absent exceptional circumstances. STATEMENT OF EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis and the following tables and narratives set forth below present information regarding the compensation of the Chief Executive Officer, Chief Financial Officer, Chief Information Officer, President of Advanced Technologies and the Chief Technology Officer (the "Named Executive Officers" or "NEOs"), who, in addition to the Chief Executive Officer and Chief Financial Officer, represent the three most highly compensated executive officers of the Corporation who earned more than \$150,000 in total compensation during the fiscal year ended September 30, 2021 in accordance with the National Instrument 51-102 of the Canadian Securities Administrators.

Executive Summary

The financial strength of the Corporation that has been cultivated under the current executive team has enabled the Corporation to maintain sufficient liquidity and financial flexibility to continue delivering a high return to shareholders along with a healthy dividend. The performance of the Corporation is measured by adjusted EBITDA performance. Based on this performance, the Board approved compensation to NEOs as described below. Looking ahead to 2022, attraction and

retention of critical talent, including executive expertise, remains a focus. The Board believes that the Corporation is well positioned to continue to execute on its plans.

Objectives of the Compensation Program

The Board has adopted a pay for performance philosophy and executive compensation program whereby executives receive compensation based upon the market value of the type of job they perform and their level of individual performance. The Corporation's policy with respect to the compensation of NEOs is intended to:

- Seek to align management's interest with shareholder interest through both short and long-term incentives linking compensation to performance. The short-term incentive is in the form of cash incentives while the longer-term incentive is in the form of stock options, performance share units and restricted share units which create a direct correlation between variations in the Corporation's stock price and the compensation of NEO's.
- Ensure that overall compensation for NEOs is not only internally equitable, but also competitive in today's market based on experience and length of service with the Corporation to attract, retain and motivate individuals with the qualifications and commitment needed to enhance shareholder value and maintain the Corporation's competitiveness in its market segment.

COMPENSATION GOVERNANCE

Compensation Committee

The Compensation Committee comprises the following 6 independent directors: Kenneth Loeb (chair), George Weber (former compensation committee chair), Jo-Anne Poirier, Young Park, Ray Basler and Ronald Richardson, each of whom the Board has determined to be independent within the meaning of Section 1.4 of National Instrument 52-110 of the Canadian Securities Administrators, and to have the necessary knowledge and experience to effectively perform his or her responsibilities. The members of the Committee have expertise in, among other areas, business management and finance, and all of whom are current or former principal executive officers.

The Compensation Committee's mandate includes reviewing and studying compensation and compensation policies for the Corporation, including the level of compensation paid to the Chief Executive Officer, and reporting on such matters to the Board; reviewing the goals and objectives of the Chief Executive Officer at the beginning of each year and providing an appraisal of the Chief Executive Officer's performance for the most recently completed year; and reviewing the performance of the senior officers of the Corporation including the level of short-term and long-term incentives awarded to each. The compensation for all remaining executives is determined by the Chief Executive Officer.

Compensation Consultant

In fiscal 2021, the Company retained the services of Mercer Canada to assist in reviewing the compensation philosophy and to ensure best practices were being utilized with respect to executive compensation. Mercer Canada's findings and recommendations will be implemented in the executives' fiscal 2022 compensation.

As part of this process, the Corporation undertook a benchmarking exercise whereby it reviewed the executive compensation practices of a peer group of 19 companies. The peer group was a list of comparable organizations based primarily on their industry, geography and size. The peer group consisted of Alithya Group Inc., Baylin Technologies Inc., CareRX Corporation, Chartwell Retirement Residences, Converge Technology Solutions Corporation, CRH Medical Corporation, DATA Communications Management Corporation, Enghouse Systems Limited, Evertz Technologies Limited, EXFO Inc., Heroux-Devtek Inc., IBI Group Inc., Kinaxis Inc., Lightspeed POS Inc., Magellan Aerospace Corporation, Medical Facilities Corporation, Sienna Senior Living Inc., Sierra Wireless Inc., and The Descartes Systems Group.

During fiscal 2021, the Corporation paid to Mercer Canada the sum of \$56,500 for Executive Compensation consulting services.

Executive Stock Ownership Guidelines

As part of its compensation review, in 2020 fiscal year, the Board of Directors adopted, for the first time, Executive Stock Ownership Guidelines (the "Guidelines"). The Guidelines serve to align the interests of NEOs and Board Members with those of the Company's shareholders. Pursuant to the Guidelines, each NEO and Director is expected to accumulate either the following fixed or the following variable number of shares (which includes full shares, restricted share units and deferred

share units, but does not include stock options) within five years starting 2021 fiscal year for executives, and three years for Directors.

Executive Level	Fixed Number of Shares	Variable Number of Shares
Chief Executive Officer	35,000	3x salary
Chief Financial Officer	6,500	1x salary
Executive Officer	5,000	1x salary
President (Segment)	5,000	1x salary
Non-Executive Board Members	Fixed Number of Shares	Variable Number of Shares
Chair	8,500	3x retainer
Board Members	5,000	3x retainer

Risk Assessment

Risk management begins with an active Board and management team engaged in analysing many risks the Corporation faces and working with Corporation leaders to manage those risks. Compensation programs can help mitigate risk-taking, but risks cannot be solely managed through these incentive plans. In connection with the adoption of the annual objectives for 2021, the Compensation Committee considered the extent to which the incentive plans could potentially incentivize unnecessary or inappropriate risk-taking or short-term decision making.

The Corporation's compensation philosophy addresses both short and long-term performance. The Compensation Committee believes that certain tools and policies mitigate the potential for executives to take excessive short-term risks at the expense of the long-term health of the Corporation. Short-term compensation is based only on profitability achieved, which is compared to the annual business plan reviewed as part of the Audit Committee review of financial results for the Corporation as a whole and each business segment; and is only paid to executives after the audited annual results are approved by the Board. In addition, overall compensation risks are further mitigated through the business planning process as annual and strategic plans are reviewed in detail by the Board with a focus on creating long-term value. Finally, the board can exercise judgment in giving compensation when special circumstances dictate that the current incentive plans do not align with the overall performance objectives of the Corporation.

The Compensation Committee considers that the processes in place, including mitigating factors, are effective and based on its review, does not believe that the compensation policies and practices create risks that are reasonably likely to have a material adverse effect on the Corporation.

Summary of Compensation Elements

The Corporation believes that the following elements of compensation, when combined, provide an appropriate mix of conventional and incentive-based compensation. The following describes the Corporation's compensation elements and philosophy for the year ended September 30, 2021.

Element	Purpose
Base salary	Provide a fixed level of compensation for performing day-to-day responsibilities, competency and for attraction and retention.
Short-term incentive plan	Provide a competitive, performance-based cash award based on adjusted EBITDA.
Long-term incentive in the form of Options and Restricted Share Unit awards	Both options and restricted share units are issued under the 2016 equity plans to enable management and executives to share in the long-term success of the Corporation.

For fiscal 2021, base salaries were determined based on outside market data as well as individual performance and experience level. The annual bonus paid to each of the Chief Executive Officer, the Chief Financial Officer, the Chief Information Officer, the President of Advanced Technologies and Chief Technology Officer is based on the overall operating profitability of the Corporation. Annual bonuses are also paid to the senior managers of the Corporation based on a

percentage of their segment's performance, and the corporation's performance against their respective plans. Certain members of the executive team are primarily responsible for the financial performance of a specific segment.

In establishing levels of compensation, the Board of Directors considers the executive's performance, level of expertise, responsibilities and length of service to the Corporation.

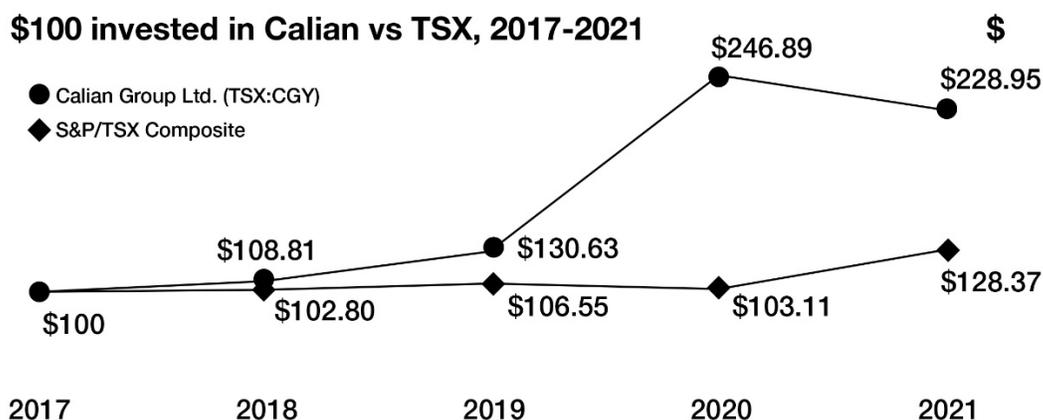

The Compensation Committee ultimately determines the grant size and terms to be recommended to the Board in respect of the Chief Executive Officer. The Chief Financial Officer and Corporate Secretary, Patrick Houston, is responsible for oversight of the equity plans. Any plan or material change to existing plan must be approved by the board of directors and, if applicable, shareholders, but from time to time the CFO and Corporate Secretary must update the plan for minor changes as required. When any change to the plan or plan text is made, the Compensation Committee must approve.

Trading Policy:

NEOs and directors are not permitted to speculate on the Corporation's securities and therefore are not permitted to purchase financial instruments that are designed to hedge or offset a decrease in market value of the Corporation's securities granted as compensation or held, directly or indirectly, by NEOs or directors.

Performance Graph

The following graph compares the percentage change in the cumulative total shareholder return on the Common Shares with the cumulative total return of the S&P/TSX Composite Total Return Index for the five-year period ended September 30, 2021. The following graph assumes \$100 was invested on October 1, 2016 and assumes the reinvestment of all dividends received.

The trend shown by the performance graph above represents a growth of 129% in the cumulative shareholder return from 2017 to 2021. Over the same period the total compensation received by three highest paid NEOs in aggregate, increased by 13%.

Under the Purchase Plan, the Corporation issued approximately 30,270 Common Shares in February 2020 at a purchase price of approximately \$24.74 per share, following which approximately 207,343 Common Shares were available for issuance under the Purchase Plan, all in accordance with the terms and conditions thereof as disclosed to and approved by the Corporation's shareholders on February 5, 2016.

The table below provides further detail on the number of securities authorized for issuance under equity compensation plans as at December 14, 2021:

2016 Stock Option Plan

On February 6, 2020, the shareholders re-approved and confirmed the 2016 Stock Option Plan.

The 2016 Stock Option Plan is administered by the Compensation Committee, which has the authority to select those directors and employees to whom options are granted, the number of options to be granted to each director and employee and the price at which Common Shares underlying such options may be purchased, provided that such price is not less than the market price of the Common Shares on the business day immediately preceding the date the option is granted. If the option is granted during a blackout period, the exercise price shall be equal to the greater of (i) the market price of the Common Shares on the business day immediately prior to the date of grant, and (ii) the post-blackout period price following the end of such blackout period, which is calculated based on a five-day volume weighted average trading price of the Common Shares on the Toronto Stock Exchange (the "TSX"). Options granted under the 2016 Stock Option Plan are generally non-transferable and each option, unless terminated pursuant to the 2016 Stock Option Plan, expires on a date determined by the Compensation Committee, which date will not be later than 10 years from the date the option was granted (unless the expiry falls during or within nine business days of the expiration of a blackout period, in which case the expiry date shall instead be 10 business days following the date the blackout period is lifted, terminated or removed).

Unless otherwise determined by the Compensation Committee, one-third of any option shall vest and may be exercised following each anniversary of the date of an option grant. The Compensation Committee may by written notice to any

participant accelerate the vesting of all or any portion of any option.

The vesting of any or all outstanding options of a participant shall be accelerated upon the occurrence of both a Change in Control (as such term is defined in the 2016 Stock Option Plan) and a termination of such holder within one year from the date of the Change in Control. Upon a Change in Control, the Compensation Committee may provide for the conversion or exchange of any outstanding Options into or for options, rights or other securities in any entity participating in or resulting from such change in control.

Employees and directors of the Corporation are entitled to participate in the 2016 Stock Option Plan while they are engaged with the Corporation. If a participant under the 2016 Stock Option Plan dies or becomes disabled while engaged with the Corporation or retires from engagement with the Corporation, the right of that participant (or of that participant's legal representative) to participate in the 2016 Stock Option Plan terminates as of the date of death, disability or retirement, as may be applicable, but any vested options may be exercised within 180 days of that event (unless such options terminate earlier pursuant to their terms) and any unvested options terminate immediately on the date of that event. If a participant under the 2016 Stock Option Plan is terminated by the Corporation or voluntarily resigns from the Corporation, that participant may exercise any vested options may within 30 days of that event (unless such options terminate earlier pursuant to their terms) but any unvested options terminate immediately on the date of that event.

The maximum aggregate number of Common Shares that may be issued pursuant to the exercise of options granted pursuant to the 2016 Stock Option Plan, together with the aggregate number of Common Shares issuable at that time under the Corporation's other security-based compensation arrangements, shall not exceed nine percent (9%) of the outstanding Common Shares of the Corporation at that time. For greater certainty, any increase in the issued and outstanding Common Shares will result in an increase in the available number of Common Shares that may be issued pursuant to options granted under the 2016 Stock Option Plan, any Common Shares subject to an option that expires or terminates without having been fully exercised may be made the subject of a further option, and any exercises of options will make new grants available under the 2016 Stock Option Plan, effectively resulting in a "re-loading" of the number of options available to grant under the 2016 Stock Option Plan. The maximum number of Shares (i) issued to insiders of the Corporation within any one-year period, and (ii) issuable to insiders of the Corporation, at any time, under the 2016 Stock Option Plan, or when combined with all other security-based compensation arrangements of the Corporation, cannot exceed 9% of the outstanding shares, respectively. The equity award value of any grant of options to non-employee directors under the 2016 Stock Option Plan cannot exceed \$100,000 per year per non-employee director and the equity award value of any grant of options to non-employee directors on under the plan and any other security-based compensation arrangements of the Corporation cannot exceed \$150,000 per year per non-employee director in the aggregate. The 2016 Stock Option Plan does not authorize the Corporation to provide financial assistance to participants.

The Board may at any time without shareholder approval amend any provision of the 2016 Stock Option Plan, any terms of any options granted or terminate the 2016 Stock Option Plan, including making amendments relating to the exercise of options (including by the inclusion of a cashless exercise feature), amendments deemed by the Board to be necessary or advisable because of any change in applicable securities laws or other laws, amendments relating to the administration of the plan or amendments of a clerical or housekeeping nature. Notwithstanding the foregoing, shareholder approval is required to make amendments to: (a) increase the maximum number of Common Shares that may be issued under the 2016 Stock Option Plan or any increase to the insider participation limits, (b) increase the ability of the board to amend the 2016 Stock Option Plan without shareholder approval, (c) increase the limits imposed on non-director employee participation in the plan, (d) reduce the exercise price of any option, (e) extend the term of any option beyond the expiry date, (f) permit transferability or assignability other than for normal estate settlement purposes or (g) add any form of financial assistance to a participant.

At September 30, 2021, options to purchase 204,913 Common Shares (representing approximately 2% of the aggregate number of issued and outstanding Common Shares) were outstanding under all Stock Option Plans. At December 14, 2021, options to purchase 244,023 Common Shares (representing approximately 2% of the aggregate number of issued and outstanding Common Shares) were outstanding under the Stock Option Plan.

2016 Restricted Share Unit Plan

On February 6, 2020, the shareholders re-approved and confirmed the 2016 Restricted Share Unit Plan. The 2016 Restricted Share Unit Plan allows for the grant of RSUs to the Corporation's officers and employees.

The maximum aggregate number of Common Shares issuable from treasury by the Corporation pursuant to the 2016 Restricted Share Unit Plan at any time, together with the aggregate number of Common Shares issuable at that time under the Corporation's other security-based compensation arrangements, shall not exceed nine percent (9%) of the outstanding Common Shares of the Corporation at that time.

The Board is responsible for administering the 2016 Restricted Share Unit Plan. Subject to the terms of the 2016 Restricted Share Unit Plan, the Corporation may from time to time award to any eligible person a number of RSUs deemed appropriate in respect of services rendered to the Corporation by such person. RSUs shall consist of an award of units, each of which represents the right to receive one Common Share or, in the discretion of the Board, a cash payment equal to the fair market value of such share. The Board has the discretion to determine the date upon which each RSU vests or any other vesting requirements provided, however, that each awarded RSU shall vest not later than the third anniversary of its award date. Unless otherwise determined by the Board at the time of award of an RSU, one third of each award of RSUs will vest on the first, second and third anniversaries of the award date.

The Board has overall authority for interpreting, applying, amending and terminating the 2016 Restricted Share Unit Plan; provided that subject to any additional requirements of the rules of the TSX, the following amendments to the 2016 Restricted Share Unit Plan or RSUs issued thereunder shall not be made without the prior approval of the TSX and approval of the Shareholders: i) other than customary adjustments resulting from certain corporate changes, amendments to the 2016 Restricted Share Unit Plan that would increase the percentage of Common Shares issuable under the 2016 Restricted Share Unit Plan, ii) any amendment that would increase the number of Common Shares issuable to insiders under the 2016 Restricted Share Unit Plan, iii) any amendment that would change the eligible participants in the plan to permit the introduction of non-employee directors on a discretionary basis; and iv) amendments to amending provision of the 2016 Restricted Share Unit Plan. The maximum number of Common Shares (i) issued to insiders of the Corporation within any one year period, or (ii) issuable to insiders of the Corporation, at any time, under the 2016 Restricted Share Unit Plan, or when combined with all other security-based compensation arrangements of the Corporation, cannot exceed nine percent (9%) of the Corporation's total issued and outstanding Common Shares as at the applicable award date, respectively.

Certain amendments to the 2016 Restricted Share Unit Plan may be made by the Board without TSX or other stock exchange approval and without shareholder approval including but not limited to the following: 1) making any amendments to the vesting provisions of each RSU set out in any RSU agreement; ii) making any amendments to the provisions set out in Section 3.8 of the 2016 Restricted Share Unit Plan; iii) making any amendments to add covenants of the Corporation for the protection of participants in the plan, provided that the Board shall be of the good faith opinion that such additions will not be prejudicial to the rights or interests of Participants; iv) making any amendments not inconsistent with the 2016 Restricted Share Unit Plan as may be necessary or desirable with respect to matters or questions, which in the good faith opinion of the Board, having in mind the best interests of the participants in the plan, it may be expedient to make, provided that the Board shall be of the opinion that such amendments will not be prejudicial to the interests of the participants; or v) making any such changes or corrections which, on the advice of counsel to the Corporation, are required for the purposes of curing or correcting any ambiguity or defect or inconsistent provision or clerical omission or mistake or manifest error, provided that the Board shall be of the opinion that such changes or correction will not be prejudicial to the rights and interests of the participants in the plan.

Holders of RSUs will be entitled to modified vesting on certain events, including termination of service without cause or by reason of death. All unvested RSUs terminate if a holder's employment or service terminates by reason of termination for cause. Subject to obtaining any requisite approval from the TSX or other regulatory authority, our Board may take any one or more actions relating to RSUs including, without limitation, accelerating vesting or providing for the conversion or exchange of any outstanding RSUs into or for RSUs or any other appropriate securities in any entity participating in or resulting from, a change of control transaction. Except as required by law, the rights of a participant under the 2016 Restricted Share Unit Plan are not capable of being assigned, transferred, alienated, sold, encumbered, pledged, mortgaged or charged and are not capable of being subject to attachment or legal process for the payment of any debts or obligations of the participant.

At September 30, 2021, 40,924 RSUs (representing approximately 0.4% of the aggregate number of issued and outstanding Common Shares) were outstanding under the 2019 Restricted Share Unit Plan. At December 14, 2021, 44,468 RSUs (representing approximately 0.4% of the aggregate number of issued and outstanding Common Shares) were outstanding under the 2016 Restricted Share Unit Plan.

Burn Rate

Burn rate is defined as the total number of equity awards issued in a year, divided by the weighted average number of shares outstanding in the fiscal year. The table below summarizes the burn rates for the stock option, the restricted share unit, and the deferred share unit plans as of September 30 of each year:

Burn rates	2021	2020	2019
Stock Option Plan	0.28%	1.47%	1.64%
Restricted Share Unit Plan	0.19%	0.25%	0.47%
Deferred Share Unit Plan	0.03%	0.04%	0.05%

2020 Employee Stock Purchase Plan

The Corporation also has in place an employee stock purchase plan that was approved by the shareholders of the Corporation on February 6, 2020 (further amended by the Corporation as of August 11, 2020 (the “2020 ESPP”), pursuant to which the Corporation has reserved 500,000 Common Shares for issuance, of which 32,017 Common Shares have been issued in the 2021 period, representing 0.3% of the current issued and outstanding Common Shares as at September 30, 2021, leaving 449,819 Common Shares remaining to be issued under the plan. In the period from September 30, 2021 to December 14, 2021, an additional 7,644 shares have been issued under the plan, leaving 442,175 shares remaining to be issued.

The Board has full power and authority to administer the 2020 ESPP on behalf of the Corporation, including the power and authority to delegate the administration of the 2020 ESPP to the Compensation Committee. The Board shall determine questions of interpretation or application of the 2020 ESPP and its decisions shall be final and binding on all participants. Board members will receive no additional compensation for their services in administering the 2020 ESPP.

Eligible employees become participants in the 2020 ESPP by delivering to the Corporation an election to purchase shares prior to the commencement of the applicable purchase period. Each participant shall contribute to the 2020 ESPP, at the participant’s option, a minimum of one percent (1%) of the participant’s basic compensation, and a maximum of ten percent (10%) of the participant’s basic compensation. Each participant in the plan shall also be entitled, up to once per year, to contribute an additional lump sum amount of up to ten percent (10%) of the participant’s basic compensation contributed through a payroll deduction against commissions, bonus payments or other non-basic compensation. The contributions shall be made through payroll deductions at the end of each employee’s bi-weekly or monthly pay period, as applicable. The Corporation, as agent of the participant, shall make such deductions.

On the last business day of each month, the Corporation will issue Common Shares from treasury to the Administrator (as defined in the 2020 ESPP) based on the contributions received from each participant during the preceding month (the “**Participant Shares**”). The purchase price of the Participant Shares will be the volume weighted average closing trading price of the Common Shares on the TSX for the five trading days immediately preceding the last business day of such month. The Administrator will deposit the Participant Shares into an account in the name of the participant and will hold such shares on behalf of such participant.

The Corporation will match a portion of each employee’s participation in the 2020 ESPP by, in its discretion, either (i) issuing to the Administrator that number of Common Shares equal to twenty-five percent (25%) of the aggregate number of Participant Shares issued to the Administrator on behalf of the participants for such month; or (ii) delivering an amount equal to twenty-five (25%) of the amount of all contributions received from the Participants during such month to the Administrator who shall use such amount to purchase Common Shares at available market prices through the facilities of the TSX or such other stock exchange as the Common Shares may from time to time be listed and posted for trading (the shares so issued or purchased are referred to as the “**Matching Shares**”). The Matching Shares will be deposited into a trust account by the Administrator on behalf of the Corporation.

The Participant Shares purchased on behalf of each participant will vest immediately to the benefit of such participant. Subject to provisions in the 2020 ESPP relating to a change in control of the Corporation, the Matching Shares will vest six months from the date of issuance of the Participant Shares to which they relate.

In the event of a change of control of the Corporation, the Board, in its sole discretion (but subject to obtaining the prior approval of the TSX if required by the rules, regulations and policies of the TSX) may, without any action or consent of the participants

in the 2020 ESPP, provide for: (a) the continuation of the vesting period with regard to any unvested Matching Shares; (b) the substitution of any unvested Matching Shares for shares of the acquirer; (c) the substitution of any unvested Matching Shares with a cash incentive program of the acquirer; (d) the acceleration of the vesting period to a date prior to or on the date of the change of control; (e) the cancellation of all or any portion of any unvested Matching Shares by a cash payment and/or other consideration receivable by the holders of any unvested Matching Shares as a result of the change in control equal to the market price of the unvested Matching Shares on the date of the change in control; or (f) such other actions or combinations of the foregoing actions as it deems fair and reasonable in the circumstances.

Upon the termination of employment of any participant for any reason, any unvested Matching Shares held by the Administrator for such participant will be forfeited by such participant. A participant whose employment is terminated for any reason other than death must withdraw or otherwise transfer all of their Participant Shares and vested Matching Shares in such participant's account within ninety (90) days of such termination of employment. The participant may also request that the Administrator sell the Participant Shares and vested Matching Shares in the participant's account and distribute the cash proceeds to the participant. In the event of the death of a participant, the Participant Shares and vested Matching Shares in such participant's account shall be distributed to such participant's estate in accordance with the instructions of such participant's legal representative. Such distribution may take the form of a distribution of the cash realized from the sale of such Participant Shares and vested Matching Shares by the Administrator if so requested by the legal representative of the participant's estate.

The Corporation reserves the right to discontinue use of payroll deductions at any time such action is deemed advisable. The 2020 ESPP will terminate on the date which is ten (10) years from the Effective Date, unless earlier terminated by the Board. No right or interest of any participant in or under the 2020 ESPP may be assigned by such participant.

No Common Shares are issuable under the 2020 ESPP at any time to any Insider (as such term is defined in the 2020 ESPP) if such issuance, together with all of the Corporation's previously established or proposed Share Compensation Arrangements (as such term is defined in the 2020 ESPP), including the 2020 ESPP, could result, at any time, in: (i) the number of Common Shares issued to Insiders pursuant to the 2020 ESPP, together with all of such other security-based compensation arrangements, within any one (1) year period exceeding nine percent (9%) of the issued and outstanding Common Shares; or (ii) the number of Common Shares issuable to Insiders at any time pursuant to the 2020 ESPP and all such other security-based compensation arrangements exceeding nine percent (9%) of the issued and outstanding Common Shares.

Amendments to the 2020 ESPP generally require the consent of the TSX and the shareholders of the Corporation given at a duly constituted meeting. However, certain amendments to the 2020 ESPP may be made by the Board without TSX or other stock exchange approval and without shareholder approval including but not limited to the following: (a) amendments of a technical, clerical or "housekeeping" nature, or to clarify any provision of the 2020 ESPP, including without limiting the generality of the foregoing, any amendment for the purpose of curing any ambiguity, error or omission in the 2020 ESPP or to correct or supplement any provision of the 2020 ESPP that is inconsistent with any other provision of the 2020 ESPP; (b) suspension or termination of the 2020 ESPP; (c) amendments to respond to changes in legislation, regulations, instruments (including National Instrument 45-106), stock exchange rules (including the rules, regulations and policies of the TSX) or accounting or auditing requirements; (d) amendments respecting administration of the 2020 ESPP; (e) any amendment to the definition of "Employee" in the 2020 ESPP; (f) any amendment to the definition of "Subsidiary" in the 2020 ESPP; (g) changes to the vesting provisions for any outstanding Unvested Matching Shares (as defined in the 2020 ESPP); (h) amendments to the participant contribution provisions of the 2020 ESPP; (i) amendments to the withdrawal and suspension provisions of the 2020 ESPP; (j) amendments to the termination provisions of the 2020 ESPP; (k) adjustments to reflect stock dividends, stock splits, reverse stock splits, share combinations or other alterations of the capital stock of the Corporation; and (m) any other amendment, whether fundamental or otherwise, not requiring shareholder approval under applicable law or the rules, regulations and policies of the TSX.

Shareholder approval will be required for the following types of amendments of the 2020 ESPP: (a) amendments to the number of common shares issuable under the 2020 ESPP, including an increase to the fixed maximum number of common shares or a change from a fixed maximum number of common shares to a fixed maximum percentage; (b) amendments to the number or percentage of Matching Shares contributed by the Corporation; (c) amendments to the definition of "Purchase Price" (as defined in the 2020 ESPP) to introduce a discount; and (d) amendments required to be approved by shareholders under applicable law or the rules, regulations and policies of the TSX.

Narrative Discussion

For fiscal 2019, the Chair of the Board was entitled to an annual retainer of \$82,500 and each director of the Corporation who is not an employee was entitled to an annual retainer in the amount of \$55,000 in addition to reimbursement of out of pocket expenses. For fiscal 2020, the Chair of the Board was entitled to an annual retainer of \$107,500 and each director of the Corporation who is not an employee was entitled to an annual retainer in the amount of \$67,500 in addition to reimbursement of out of pocket expenses. For fiscal 2021, the Chair of the Board was entitled to an annual retainer of \$127,500 and each director of the Corporation who is not an employee was entitled to an annual retainer in the amount of \$80,000 in addition to reimbursement of out of pocket expenses. The directors of the Corporation are required to hold minimum numbers of Common Shares as set out in the Executive Share Ownership Guidelines.

To encourage the directors of the Corporation who are not employees of the Corporation to better align their interests with those of the shareholders by having an investment in the Corporation, a Deferred Share Unit Plan (the "**DSU Plan**") was implemented on November 10, 2010. The DSU Plan provides that the Chair of the Board of the Corporation be required to receive a minimum of \$27,500 of his annual Board retainer fees in the form of Deferred Share Units and that all other directors of the Corporation who are not employees of the Corporation are required to receive a minimum of \$20,000 of their annual Board retainer fees in the form of Deferred Share Units.

DSUs have a value equal to the weighted average trading prices of the shares of the Corporation on the Toronto Stock Exchange for the five trading days immediately preceding the date when DSUs are credited to each director who is not an employee of the Corporation. DSUs take the form of a bookkeeping entry credited to his or her account which cannot be redeemed for cash for as long as he or she remains a member of the Board. All DSUs will, upon request by him or her, be redeemed for cash by the Corporation after he or she ceases to be a member of the Board; however, failing such request, the redemption of such DSUs for cash will occur automatically upon the expiry of a period as determined under the DSU Plan. The value of a DSU, when redeemed for cash, will be equivalent to the weighted average trading prices of the shares of the Corporation on the Toronto Stock Exchange for the five trading days immediately preceding the day of the redemption. DSUs confer the right to receive dividends paid in the form of additional DSUs at the same rate as the dividend paid on shares of the Corporation. The DSU plan is not dilutive.
